Marson color cast iron

Regulations and certifications:

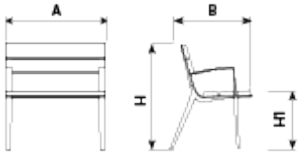

ISO 9001 ISO 50001 ISO 14001 ISO 45001

**MINSKS designer Bench , total dimensions (length x height x depth) 700x820x590 mm, made with ductile iron legs (treated with the Ferrus process, the triple-layer protector for iron, which guarantees optimal corrosion resistance), with a Marson-colored polyester powder paint coating and five natural tropical wood planks (treated with a triple-layer Lignus coating, a fungicidal, insecticidal and water-repellent protector). Stainless steel screws. Prepared for anchoring with M10 expansion bolts according to surface and project.**

Materials & Finishes:

**Ductile Iron treated with FERRUS:** iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, involving an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.Forged black colour

**Hardwood treated with LIGNUS:** Wood from responsible forestry. Density greater than 930kg/m³, at 12% humidity, treated with a triple-layer LIGNUS coating, fungicide, insecticide, and water-repellent that provides protection against moisture penetration. Final finish with a layer of natural pigment in a satin finish, which provides additional protection against UV rays, the main cause of deterioration in this type of material.
