Set consisting of a KUK-designed Table and Benches , total dimensions (width x length x height) 1500 x 1441 x 750 mm, made of brown ReBnew plastic (BENITO's recycled polymer produced entirely from yellow-bin packaging and requiring no maintenance). Eco-friendly. Prepared for screw-on anchoring.

Materials & Finishes:

ReBnew: 100% recycled polymer, sturdy and durable, derived from urban, industrial, and domestic waste... It is weather-resistant, resistant to oils, acids, and seawater. It does not splinter or crack, nor does it rot or dry out.

Irregular surface finish makes the board extremely durable as it effectively hides scratches caused by vandalism. Nevertheless, surface scratches can be repaired to restore it to a like-new condition.
