EGEA SIMPLE MINI designer fountain set, total dimensions (Ø x H) 195x1000 mm, made of iron (treated with the Ferrus process, the triple-layer protector for iron, which guarantees optimal corrosion resistance), includes a push-button tap (UM510G) with a nickel-plated steel support. Angle frame and Drain grate made of galvanized steel. Prepared for anchoring with 4 expansion bolts according to surface and project.

Materials & Finishes:

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
